

RUST INHIBITOR & UNDERCOATING HIGHLIGHTS

Help maintain your vehicle's structural integrity

PROGRAM HIGHLIGHTS

Rust isn't just unsightly, it can damage your vehicle – and its potential resale value. Rust inhibitor and undercoating can give you peace of mind by helping to protect the undercarriage and sheet metal from the elements like road salt and ocean spray.

BENEFITS

- Includes five-year rust and undercoating product limited warranty
- No deductibles
- If a treated metal surface becomes damaged by rust, the affected area will be repaired and the product reapplied
- If the undercarriage treatment cracks, chips or peels, damaged surfaces will be repaired and the product reapplied
- Rideshare eligible*
