# MAINTAIN A SMOOTH APPEARANCE

Eliminate minor dents and dings to help preserve the look of your vehicle.

**We've all been there. As you begin to unload your groceries from your car, you notice something unexpected – your car's first door ding! Normally, you would be frustrated and disappointed since the cost to repair and repaint your vehicle may prevent you from fixing the problem. However, with this coverage, you may restore your vehicle's surface with no out-of-pocket expense.**

**Paintless Dent Repair is a specialized process that uses professional tools to gently return the dented metal back to its original form without harming your vehicle's factory finish.**

- Repairs made on dents and dings less than 4" diameter on metal body panels
- Eliminates the need to match colors and repaint your vehicle
- Repair time can be reduced versus going to a traditional body shop
- No deductible
- Available on new and used vehicles
- No limit on number of covered occurrences
- Vehicles used for hire to the public including rideshare are not excluded<sup>1</sup>

**Choose the term that's right for you**

You can select coverage that lasts one to seven years, depending on how long you plan to keep your car.<sup>2</sup> As an added benefit, if you do decide to sell your vehicle, you may transfer any remaining coverage to the next owner. That's a great way to potentially enhance the resale value of your vehicle.

<sup>1</sup>The vehicle must be titled in a personal name and operated by one individual or multiple related individuals.

<sup>2</sup>Coverage and term limits may vary. See contract for details.
